

Saint? Or Sinner?

Either way, welcome.

Channing Tatum's Saints & Sinners is THE place to be on Bourbon Street. From VIP and celebrity gatherings to bachelorette parties to corporate events and everything in between, we can help make your next saintly (or sinful) celebration one to remember.

Saints & Sinners offers an array of options to accommodate any event. Our high-quality AV equipment and DJ booth set the mood for any social or corporate gathering. Our balcony overlooking Bourbon Street allows you and your guests to partake in NOLA's electrifying atmosphere, and our outdoor patio—the only outdoor patio on Bourbon Street—puts you in the middle of all the excitement.

You can rent the entire restaurant for the whole evening... imagine watching the big game with the gang in front of our 11 TVs! Or rent specific areas for weddings, anniversaries, corporate events and social gatherings... anything goes at Saints & Sinners.

Whether you're planning a themed event, a cocktail party or just want a place where you can be dressed to kill, we'll create a menu that fits your specific needs. Our menu options offer your guests the Creole and Cajun tastes South Louisiana is known for, but, true to our roots of Southern hospitality, we can also accommodate any special dietary requests.

The Saints & Sinners staff and management strive to offer the best products and services every single day, not just for special occasions. We invite you to enjoy our hospitality and, above all, we thank you for your consideration.

Option #4: Consumption Based

With a Consumption Based package, we price it the same as the “call package/ option #2”, guaranteeing ourselves at the bare minimum this amount. Your guests are able to order top shelf (instead of being limited to call or well spirits), however some guests might not drink as heavily as others, therefore not incurring a \$45 per head cost (if individuals were paying on their own/separate to the party host).

Once this “minimum” is reached, the party organizer can continue the running tab, or cut it off at this amount and it will be a cash bar from that point forward.

This option is typically chosen by parties/companies that need an itemized individual breakdown of how much alcohol was consumed rather than a receipt that lists \$45 per head.
